

TULLY FIRE DISTRICT

PO BOX 127

Tully, New York 13105-0127

Telephone 315-696-6414

FAX 315-696-8396

Policy Number: 08-004

Department: Operations

Subject: Filling Swimming Pools
And or Hot Tubs

Date: May 7, 2008

It is the policy of the Tully Fire District to provide water service to the residents of the fire district for recreation purposes. This would be a great opportunity for members of the department to train or review skills on tanker operations.

The use of the fire apparatus for this purpose will be allowed within the Tully Fire District **Only**.

The department will make every effort to schedule this service during evening and or weekend hours.

Residents who would like a delivery of water for the purpose of filling, topping off or setting a liner for a pool or hot tub will be advised of the following charges:

1. First Tanker Load of water 1800 gallons - \$ 75.00
2. Each Tanker load thereafter - \$ 50.00

Twenty five percent of the income received will be given to the fire district as reimbursement for the cost of fuel.

Active members residing either within or outside of the Tully Fire District will be allowed use of the apparatus to fill their personal pools, at no charge.

Upon conclusion of the "detail" a drill sheet will be completed.
